How to add Enablo's Holiday Frames on Workplace

Brought to you by

 **enablo**

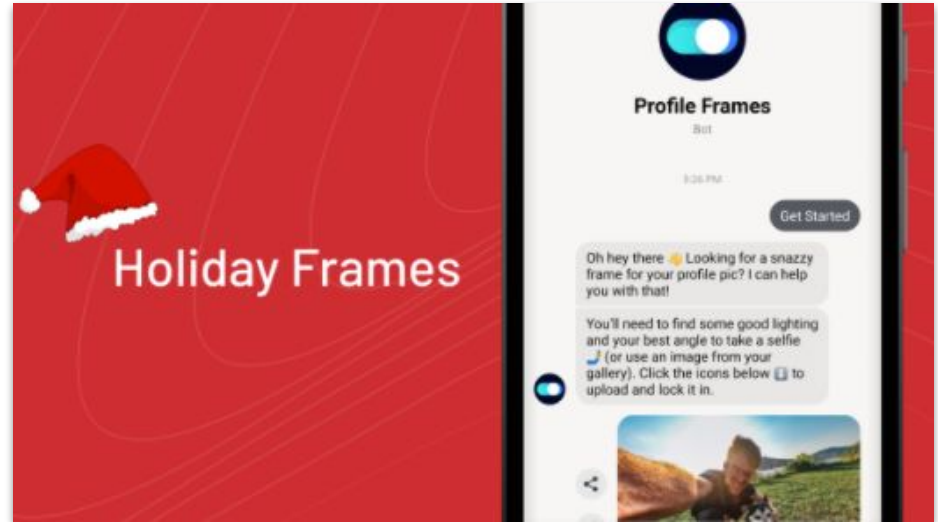

Have a little fun with frames this festive season

Add a little decoration to your profile

Holiday Frames are a way for your people to participate in some holi-yay cheer! Check out our fresh new suite of profile frames with a festive twist.

We recommend using Holiday Frames in conjunction with our Festive Fred Campaign.

Add Holiday Frames to your Workplace instance through the Enable Platform (see instructions in the next slides!).

The Enablo Platform

- Make sure you are logged in to your Workplace account (you will need to have administrator access to add the bot)
- Go to <https://platform.enablo.com/> and click on 'Sign up'
- Click 'Continue' once you have added your details
- Go to **Install bots** and click on **Holiday Frames**

- **Change your conversation** to match your brand and tone of voice

The Enablo Platform

You have now installed your Holiday Frames!

If you'd like to design your own Holiday Frames

There are 3 elements for your designer to consider:

1) Category cover photo

Create one for each profile frame category.

1920 x 1080 px

2) Holiday Frame cover photo

This demonstrates how each frame will look on a photo.

1920 x 1080 px

3) Holiday Frames overlay

These are the overlays used when uploading your profile frame.

400px x 400px

(Ensure the style suits a circular profile image)

DESIGN GUIDELINES

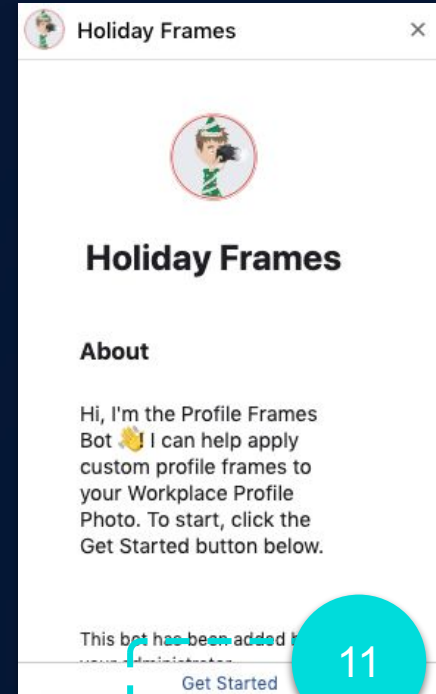

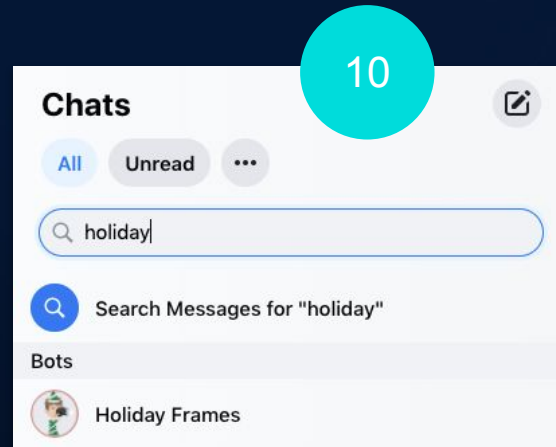

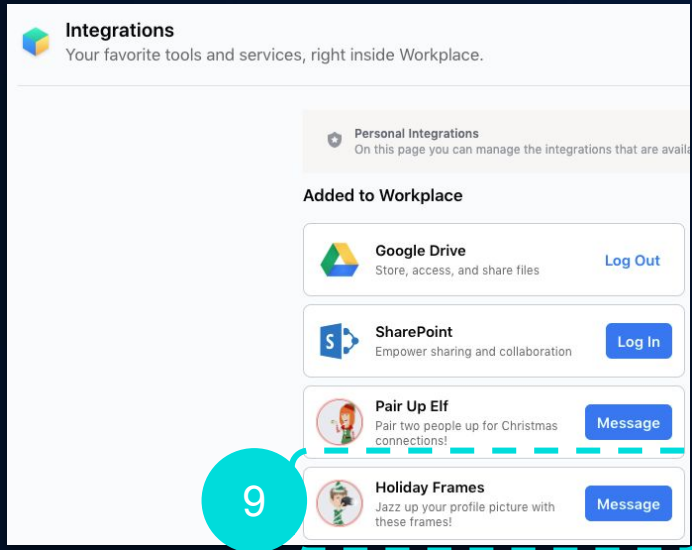

- The profile frame image is 400x400px
- Your profile photo is circular so only the design that overlaps the profile image will be shown.
- Export as a PNG and background is transparent.

- The profile frame group cover image is 1920x1080px
- This cover image gives snapshot of the profile frame.

On Workplace

- In your Workplace instance, go to **See more** in your navigation and click on **Integrations** - If you can see Holiday Frames here, it is ready to go!
- To add a Holiday frame, search for the bot in your chat
- **Select and add your frame** by following the prompts!

On Workplace

- To **make edits** to your Holiday Frames go to **Admin Panel** then **Integrations**
- Click on Holiday Frames then **'Customise'** to change the name, logo, description or group allocation
- If for any reason you need to uninstall the bot you can do this here also
