THE BENEFITS*

WORKPLACE HELPS YOU TO:

- Control your messaging, while offering leadership and guidance without mediation.
- Leverage a fast and direct connection with your stakeholders, no matter where they are.
- Use two-way communication to keep a finger on the pulse of the organization.
- Maintain and improve corporate culture with the most engaging platform on the planet.
- Convey empathy, emotional connection and authentic leadership with formats like video in ways that static and broadcast communications such as email, corporate memos, or press releases cannot.
- Enable employees to connect with management. This is critical during a crisis and exacerbated by social distancing and remote work arrangements.

WORKPLACE RAPID DEPLOYMENT SOLUTION

BUSINESS READINESS BEFORE WE GET STARTED

- To make sure you're ready for a rapid deployment of Workplace, we'll help you identify the minimum required resources for the project and assess your IT environment.

PRE-LAUNCH DAYS 1-4

- Project management and deliverables in six key areas:
 - Project management and reporting
 - Technical readiness
 - Community readiness
 - Communications and engagement
 - Early adopters and onboarding
 - Adoption and success

LAUNCH DAY 5

- Launch Workplace to all your employees.

POST-LAUNCH DAYS 6-15

- Ongoing support to ensure communications and technical success, as well as widespread adoption. Project closure meeting including strategic recommendations for building long-term success on Workplace.

FUTURE PROOF WITHIN 12 WEEKS

- As soon as your team is able, we will facilitate a virtual workshop to develop your 3-6 month Workplace strategy in line with your business vision and objectives.
